

fraction.h

```
graph TD; fraction_h[fraction.h] --> string[string]; fraction_h --> stdexcept[stdexcept];
```

A diagram illustrating the dependencies of the `fraction.h` header file. At the top, a gray rectangular box contains the text `fraction.h`. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The left box contains the text `string`, and the right box contains the text `stdexcept`. This indicates that `fraction.h` depends on both `string` and `stdexcept`.

string

stdexcept
